Ford Pro™ Telematics: Dashcam

A New Perspective of Your Fleet

Get a bigger picture of your fleet with [Ford Pro™ Telematics with Dashcam](#).¹ Our available dashcam is a device you install upon the windshield of the vehicle. It has **cabin- and road-facing lenses** that capture driving events inside and outside the vehicle, offering more visibility to your fleet. This add-on feature allows you to **view video** to **detect road and cabin events**, even in the event of an accident. Other events that can be identified are mobile phone use, eating with the vehicle in operation, and more. To view a detailed guide on how to install Ford Pro Telematics with Dashcam in your vehicle, watch the tutorial [here](#).

1. Available on vehicles with embedded modem or equipped with approved plug-in device (PID). May require modem activation. Ford Pro Telematics and Ford Pro Data Services require a purchased subscription. Terms and conditions apply. Telematics service and features, and access to vehicle data, depend on subscription and compatible cellular network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operations of connected features. An additional subscription is required for activation of Ford Pro Telematics with Dashcam. Terms and conditions apply.

The dashcam model shown in the image may vary slightly from the actual product being sold and its specifications. Screens shown are subject to change.

Help Boost Productivity

Data recorded from the dashcam **feeds right into the Telematics software** for you to monitor drivers and leverage with insurance agencies, if needed, which can help reduce unplanned costs on and off the road. To **access dashcam footage** from Ford Pro™ Telematics:

- ▶ [Log into FordPro.com](https://fordpro.com)
- ▶ From your Ford Pro Dashboard, click on Ford Pro Telematics to open the app
- ▶ Choose Dashcams from the menu on the left
- ▶ To view a step-by-step guide on how to view dashcam footage, go [here](#)

Ford Pro Telematics with Dashcam can provide insights to help improve driver performance and help optimize your fleet's workflow.
